An RFP was sent out and three proposals were received and reviewed by an independent judging panel. The TAC and judges recommendations to award the contract to Ajo Transportation was submitted to Council on August 16, 2011. The contract was awarded to Catholic Community Services with a vote of 5-2 by City Council. The new three year contract started October 1, 2011. ## **Item 3.**

### **Discussion and Possible Action for Implementing the New Bus Schedule effective 11/1/11**

The 5 Year Transit Plan called for revision of brochures in 2010-2011. ADOT consultants were utilized along with ridership numbers provided by CCS for a two year period. That schedule was reviewed and suggestions implemented from the last TAC meeting. New brochures are available when the times change becomes effective on November 1, 2011. Signs will be changed at the bus stops, an insert will be available in the Bisbee Observer on October 27, notices placed in buses and on bulletin boards. These minimal route and time changes will allow for more consistent service and built in breaks for drivers in the am/pm. The new brochures will be smaller, lighter, and easier to read with the Cochise Commuter Service route removed. Lisa Marra, City of Bisbee

## **Item 4.**

### **Discussion and Possible Action Regarding Installation of a Covered Bus Stop and additional need of benches.**

A covered bus stop was installed at the Triangle Apartments during the summer. The first shelter was installed at the Senior Center. One covered shelter is still remaining in storage. While our ridership numbers have grown and we've made an outreach to the senior and/or disabled community, we'd like to promote the possibilities of the bus to all residents and visitors.
